Topics

- Importance of Nutrition
- Sex & Sexuality

Speaker: Ms. Purabi Mahajan, Ms. Sameena Bilgi and Ms. Urmila Jaykar

Testimonial

The tele-consultation sessions organised by the Foundation proved really very helpful to me. The coordinators from the foundation also helped me coordinate for my CT scan in Nashik itself so that I didn't have to travel all the way to Mumbai. Foundation's work for patients is a big relief. I would like to thank everyone for taking such good care of the patients during the pandemic

- Pankaj Suryavanshi
Urology Cancer Patient
